

# Mission Statement

The purpose and mission of the  
Ortho-Bionomy® Association of Canada is to

1. Promote and uphold the principles, philosophy and practice of Ortho-Bionomy
2. Establish and regulate educational standards for Instructors and Students of Ortho-Bionomy in Canada
3. Maintain and monitor registration of Ortho-Bionomy Practitioners and Instructors In Canada
4. Provide information and support to those using and studying Ortho-Bionomy
5. Educate the public and Healthcare providers about the benefits of Ortho-Bionomy
